***Response to Amendment***

1. This in response to amendment filed 04/19/2007. No claims have been added. No claims have been canceled. No claims have been amended. Claims 1-2, 15-16, 21 and 24 are still pending in this application.

2. The claim rejections-35 USC 102 will be maintained as previously presented in the Non-Final office action mailed 11/03/2006.

***Response to Arguments***

3. Applicant's arguments have been fully considered but they are not persuasive.

Applicant's main argument is directed to the fact that the cited portions of Fox "do not include any disclosure of caller being provided with information for selecting one of a plurality of communication services for connecting to the called user". The Examiner respectfully disagrees because Fox clearly shows that when a call is received from a user, the user has a list entry (302 in Fig. 3A). This list it is believed it is the list that defines the call coverage path when it is not set on the default coverage that connects the call straight to the voice mail as shown in Fig. 2.

***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
